Assumption College ... through the years

Above: Original Assumption Campus as viewed from West Boylston Street. The school was an all male prep school and college.

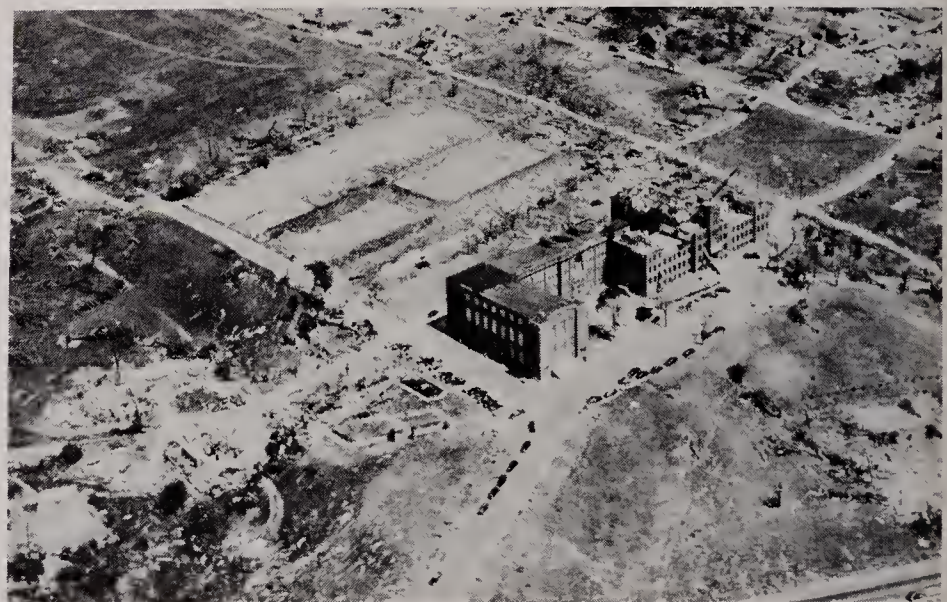

Left: Rear aerial view of the campus and surrounding neighborhood. The main building housed classrooms, residence areas for both students and the Assumptionists, a gymnasium and a chapel. Athletic fields can also be seen in the fore-

the second and third floor levels. Doors and windows were blown out by the tornado's violent bursts and created a wind tunnel in the building. Fire broke out in the furnace room. Telephone service was severed by the tornado, making it necessary for someone to run a half-mile down West Boylston Street to the Greendale Fire Station to summon help in extinguishing the fire. Because the units from that station were already engaged fighting a nearby string of three-decker fires, a truck from another station was selected. The debris-filled streets made it necessary for the driver to go cross town in order to reach Assumption.

The wooden convent, occupied by sisters of the Antonian order, was lifted several feet from the ground, turned about 180 degrees before being slammed back to the ground. Assumption's mascot, Lucky, cowered in his doghouse. The strong winds lifted the doghouse and Lucky, carried them nearly 200 yards and dropped them onto the baseball field, recently vacated by the Greendale School team. Lucky was rushed to a veterinarian and was found to have sustained two broken legs.

Above: Front aerial view of campus taken soon after the tornado. The tornado's path can clearly be seen by the line of destruction from the front left through the center of the photo.

1904-1994

Left: Current campus as of 1963 right after construction of the Laska Gymnasium.

Below: campus as of 1980 with the addition of Founder's Hall, the chapel, and the dorms on the hill.

Left: Rebuilt campus built only as a prep. school, the college was moved to its current location. This campus was sold to the state and is now currently serving as Quinsigamond Community College.

Above: Campus as of 1993 today including the Plourde Recreation Center, the library, and Worcester and Wachusett Residence Halls.

The tragedy took the lives of three members of the Assumption community. The campus was mostly unoccupied by students due to the moving of graduation. Classes at both schools were originally scheduled to run through June 12th, but by examining the books, it was determined that the state minimum teaching period was already satisfied and graduation was moved to June 8th. If this had not happened, the event would possibly have taken more lives.

The West Boylston St. campus was rebuilt as a preparatory school and a new location was sought for the college. The site on Salisbury St. was elected. The construction of the new campus began in 1955. Classes were held for the first time in 1956, when the only buildings on campus were Alumni Hall, La Maison Francaise, the dining hall. A stream which flowed through the center of the property was dammed in order to create a reflecting pond at the entrance to the campus.

The campus has expanded through the years and continues to grow. And as the 90th graduating class exits its gates for the last time, we will have learned from our teachers, and each other, but most of all from the spirit and guidance of Assumption College as a whole.

When things go wrong, as they sometimes will,
When the road you're trudging seems all uphill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest, if you must — but don't you quit!

Life is queer with its twists and turns,
As every one of us sometimes learns,
And many a failure turns about
When he might have won had he stuck it out;
Don't give up, though the pace seems slow—
You might succeed with another blow.

Often the goal is nearer than it seems
to a faint and faltering man,
Often the struggler has given up
When he might have captured the victor's cup.
And he learned too late, when the night slipped down,
How close he was to the golden crown.

Success is failure turned inside out—
The silver tint of the clouds of doubt—
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit—
It's when things seem worst that you must not quit!

WOMEN'S SOCCER

A successful season because of the many talented players.

The 1993 Media Prospectus gave a supportive boost to the Lady Hounds, as expectations rose after last year's season's record of 9-11. Under the coaching of John Barton the '93 Lady Hounds had a strong foundation to build on. They had the most successful season the Lady Hounds soccer team has ever had. Captains Audra Finnerty and Ali Budds spirited their team into a 12-10 overall record after the play-offs.

OFFICE OF THE PRESIDENT

ASSUMPTION COLLEGE

500 Salisbury Street, PO Box 15005, Worcester, MA 01615-0005 Tel: 508/752-5615

To the Student Body of Assumption College:

I welcome this opportunity to extend greetings to the student body of Assumption College and warmest congratulations to the members of the Class of 1994.

Assumption College strives to educate you in the traditions of Christianity and the liberal arts and to promote Christian living. We are a community of learning in the Catholic tradition and dedicated to the pursuit of truth wherever it is found. We are dedicated to the development of the whole person and concerned with your welfare, academically, spiritually, and personally.

It is my fervent hope that the time you have spent at Assumption has prepared you to meet the challenges that lie ahead. In a special way, it is my hope that the graduating Class of 1994 leaves Assumption better prepared to assume the responsibilities of citizenship and Christian living. The motto of the College - Until Christ Be Formed in You - is one I hope will remain with you throughout your lives as a reminder of our final destiny and of the source of all that is good.

Your education did not begin at Assumption, nor should it end with graduation. Likewise, I sincerely hope that for the graduating Class of 1994 this is the beginning of a long and joyful association with your Alma Mater. I welcome and look forward to your continued interest as alumni and alumnae.

May God grant all of you good health, happiness and success.

With all good wishes,

Sincerely,

Joseph H. Hagan
President

This year we celebrate the 15th anniversary of Dr. Joseph H. Hagan's presidency at Assumption College. Since his tenure began in 1978, the College has grown academically, physically, spiritually and in its involvement with the Worcester area community.

Physically, Assumption has mushroomed to a campus encompassing 12 new buildings as a result of three highly successful capital campaigns- a large improvement over the days when most faculty offices were in the Kennedy Science Hall, with two faculty members to a cubicle sharing a single extension phone. Most classes were held there as well and the two floors of La Maison Francaise, which made up the library, were so overcrowded that, if you found a quiet spot for study and reflection, it remained your carefully guarded secret! Among the buildings constructed during President Hagan's presidency are those which no student could imagine the campus without: Dion Townhouses, known to most as the "four men on the road", and Moquin Apartments, known as the "horseshoe", both constructed in 1980. The following year saw the erection of the famed "six-men", oth-

erwise named the Dufault and Westwood Apartments. The next five years of the Hagan Administration brought us the Campus Center, named in honor of President Hagan in his fifteenth year as president, and the opening of Salisbury and Worcester Halls. Finally, in the last five years, the campus has been greatly improved by the addition of Wachusett Hall, the Emmanuel d'Alzon Library, the conversion of the two floors of La Maison, which had previously served as the library, to classrooms, the renovation of the Taylor Dining Hall, landscaping of the Quad, and of course, the opening of the long awaited Plourde Recreation Center.

In addition to the physical improvements of the campus, the College has flourished academically under President Hagan's leadership. In 1978 there were 21 major fields of study and approximately 500 course offerings listed in the 1978-79 catalog. Today there are 24 majors and close to 600 courses for students to choose from. The faculty too has grown in numbers and stature: 30 full time women have been added to the ten in 1978. This not only reflects a change in hiring practices and attitudes towards women as scholars, but it also reflects a broad base of academic excellence.

With President Hagan at the helm, Assumption College has become recognized as one of the top small liberal arts colleges in the country according to several leading publications, including the Barron's Guide to Small Colleges. Yet, with all this growth and improvement, Assumption has retained its "family feel" while reaching a large enough scope so that it is not provincial either in ambience or substance.

Navy ROTC

Midshipman Scott G. Savageux

The Naval ROTC unit at the College of the Holy Cross is made up of students from Holy Cross, Assumption, and WPI. The bulk of the battalion consists of Holy Cross and WPI and in the past, there have been a few students from Assumption College. This year there is only one representative of Assumption, senior Scott Savageux.

Midshipman Savageux has been active in the battalion serving as a squad leader, a platoon MCPO, a platoon commander, an administrative clerk, and as the armorer. He is also a member of the Color Guard, serving as the Color Guard Commander. He has participated on the drill team, and the battalion football and hockey teams. Scott also received the Service to the Unit Award. Upon graduation Mr. Savageux plans to become a Surface Warfare Officer.

The Color Guard

Army ROTC

The Bay State Battalion is the AROTC unit at WPI that serves all of the schools in the greater Worcester area. Anna Maria, Assumption, Clark, Holy Cross, WPI, and Worcester State all take part in the program. There are also extension centers in Fitchburg and Lowell. As a combined force we number 80 men and women.

The program is designed to be a four year course which will prepare cadets to be future officers of the United States Army. Particular attention is given to the development of communication and leadership skills. Courses are given by professional soldiers throughout the progression to prepare the individual for his/her future service.

Training is also given by senior cadets to give exposure of the basic military operation. Small-unit training is used as the model for this development. During weekly Leadership Labs and Monthly Field Exercises each student is given the opportunity to work with his peers, to practice these military skills, and to show his/her competence through performance.

Parents' Weekend 1993

Parents' Weekend 1993 was a tremendous success, made possible by the tireless efforts of Alyson Walsh and James Driscoll as well as those who worked on the individual events which made up the great entertainment sched-

ule.

Starting the weekend on Friday evening, hypnotist/mentalalist Ronny Romm amazed the crowd of parents and students by performing such mind tricks as guessing the thoughts and backgrounds of total strangers. He then had the audience rolling in the aisles as he brought the students and their parents on stage to become the comedians. Under hypnosis, the volunteers spoke in "Martian", got drunk on water, posed as body builders and even forgot their own names!

Saturday began with the First Annual Greyhound Classic, a golf tourney held at the Holden Hills Country Club. Winning the

tournament was the three man team of Mike Corden, Class of 1997, Mike's father, Joe, and Bob Shambreskis. Bob also won the honor of "Best Overall Score" in the tourney. Back on campus, parents and students alike enjoyed the harmonious sounds of the Assumption College Chorale as they gave their annual Parents' Weekend Concert, performing a variety of classical, contemporary and gospel pieces. Also for your viewing pleasure, a performance of Neil Simon's classic comedy, *Fools*, put on by the entirely student-run group, A.C. Upstage and directed by senior, Brian Blackwell. Both events were great suc-

cesses!

The evening began with the main attraction of the weekend: Barry Williams, television's Greg Brady. The crowd laughed, and even cringed, as Barry spoke of his humorous, troubling, and often off-color experiences while "growing up Brady". The highlight of the event was the appearance of Barry as Johnny Bravo, bringing onto stage Assumption's finest to teach them some "groovy" dance moves!

The night finished out with a hoopla that had everyone dancing everything from the "chicken dance" and the "hully-gully", to the "electric slide" and of course, "YMCA"! It was a great time for everyone!

Christmas Ball Dec. 3, 1993

December 3, 1993, the night rang in clear, bright, and cold. All over campus women dressed in sleek velvet gowns and men in sharp suits and ties journeyed to the Hagan Campus Center to be whisked away by limo for an evening of dinner and dancing.

Upon arrival at the Worcester Holiday Inn, the 350 students were greeted at the Grand Ballroom, which had been transformed for the evening into a Christmas wonderland as gold wine glasses shimmered on the tables and white lights twinkled on the Christmas tree. As cocktail hour began students,

and even President Hagan, coupled with senior, Emiko Kasprzyk, danced to the music provided by Conte Sound. Dinner soon followed and everyone enjoyed their stuffed chicken breast and candied carrots. After finishing up a delicious mousse au chocolate, everyone took to the dance floor as tunes of the '70s, '80s and '90s kept everyone rockin'. Ties got loosened and heels kicked aside for the congo line, lead by Neil Towler and followed by an array of straw-hatted, sunglassed saxophone players! There were also some great ballads played to keep our couples close!

The Christmas Ball will be remembered by many as a beautiful evening with special persons and great friends.

Club 21

You'll always have fun at Assumption's own CLUB 21! An on campus pub held on selected Saturday nights for legal age students. Held in the Junction from 9 pm - 2 am Assumption 21 year olds live it up. Where else can you get a refreshing beer, wine cooler, or even a soda for a buck?

To add to the excitement, several Club 21's featured different themes. Hat Night, Halloween, 70's Night and St. Patrick's Day were some of the most memorable. Also, a live band consisting of Assumption students played on more than one occasion.

Drinking, dancing, and enjoying friends is what Club 21 is all about. The memories will stay with us forever!!!

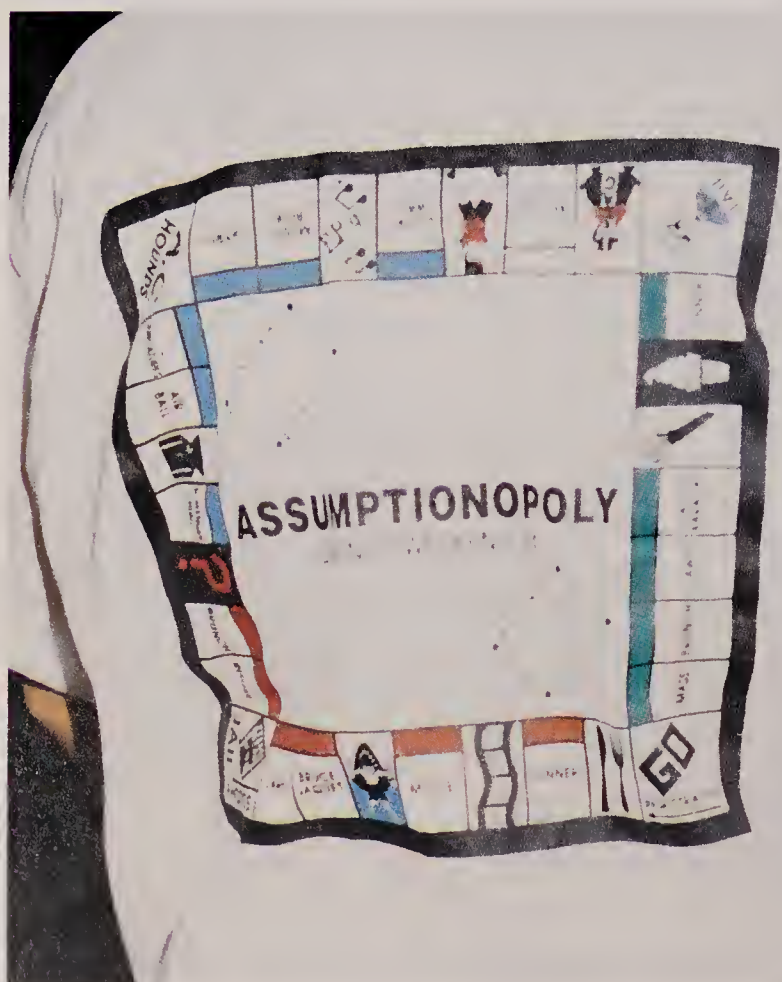

Siblings' Weekend

Siblings' Weekend 1994 was a huge success with over 200 siblings in attendance. The weekend was packed with excitement that both students and siblings could enjoy. *Bruce Jacques and His Invisible Band* kicked off the weekend with an outstanding comedy show that left all who attended in hysterics. Others dared to witness a late night showing of *Jaws*, a "dive-in" movie, shown in the treacherous waters of the Plourde Recreation Center Pool.

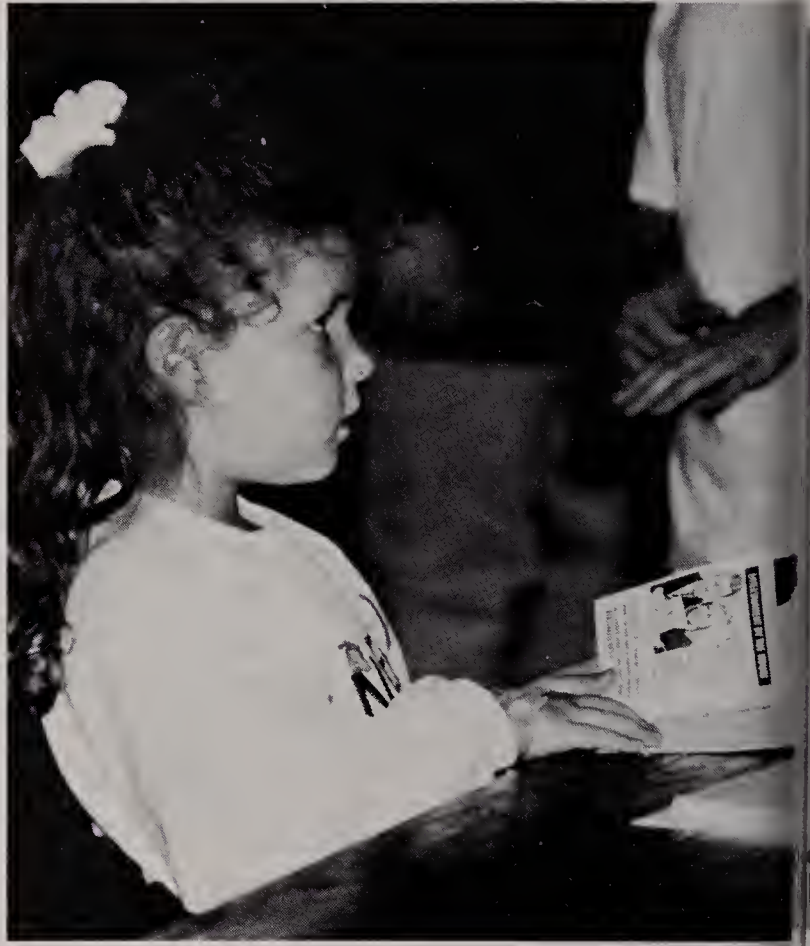

As the campus transformed itself into a festival of activities, the siblings and students couldn't get enough of ASSUMPTIONOPOLY! The *Music Box* allowed us to record our own golden voices on a tape that will be cherished forever (or maybe not). *Air Ball* let us jump higher than ever before, while the *Velcro Wall* brought out the daredevil in all of us! When the day's festivities were over, the Hagan Campus Center became the hot spot for night life at A.C. Everybody seemed to come alive with dance fever and the bold captured the audience's attention with their karaoke performances.

ASSUMPTIONOPOLY left a number of great memories and good times to laugh about for years to come. Students and siblings were given souvenir picture frames to place their A.C. jail photos in and the ASSUMPTIONOPOLY t-shirts will be worn in style. Siblings' Weekend '94 was a great success and a busy weekend that will never be forgotten.

Spring Semiformal

This year's Spring Semi-Formal was held on March 26, 1994, and was attended by over 400 students. At 7 p.m. the evening began with a limosine ride to Mechanics Hall on Main Street. We arrived to cocktails being served in The Boyden Salon on the first floor. Dinner was then served at 8 p.m. in the Great Hall. Then surrounded by history, culture, and great friends, the dance floor filled with the music provided by Conte Sound. The setting was romantic and the night was magical and memorable.

"Thank you's" go to CAB for another fantastic event.

Spring Concerts

The Campus Activities Board sponsored several concerts this year, including:

* *the Lemonheads* on Thursday, April 14, 1994 with opener *St. Johnny*. The Lemonheads hail from Boston and are currently touring with their latest album, *Come On Feel the Lemonheads*. Their biggest hits include a cover of Mrs. Robinson (off their last album *It's a Shame about Ray*), *Into Your Arms*, and *The Great Big No*. *St. Johnny* is a relatively new band on the national scene, and are touring with the Lemonheads with their album, *Speed is Dreaming*. Look for these boys from Connecticut to make it big soon. Both bands almost sold out the 2200 capacity Plourde Recreation Center.

* an outdoor concert on Saturday, April 30, 1994 behind the Hagan Campus Center, featuring *Shakedown* (the Grateful Dead cover band), *Crystal Ship* (the Renaissance of the Doors), and *Physical Graffiti* (the Led Zeppelin Show).

Le Provocateur, the Official Newspaper of Assumption College, had one of the best years in the paper's history. 20 issues were printed, and each contained campus and world news, music reviews and other features, and coverage of every Greyhound sport. Thanks to the dedication of the editors and staff, the "*Provoc*" met a weekly schedule and was read widely across campus.

American Production and Inventory Control Society (APICS) is Assumption College's Business Club. APICS enables students to become more aware of what to expect in today's business world. The student chapter at Assumption gets students involved in APICS in many ways. For instance, we visited many companies such as: Anheuser Busch, Very Fine, Frito Lay, and Morgan Construction. At these companies students became more aware with inventory control, product information, management planning, and various other business techniques. APICS also has speakers that come in and lecture on these various topics. Through APICS students get an edge on today's very competitive business world.

THE PHOENIX

Members: Kevin Keenan, Andrea Cappio, Rusty Williams; Not present: Pat McNally

The Phoenix is Assumption College's creative magazine where students submit their work (i.e. poems, prose, stories, and photographs) to the staff for printing. When the Phoenix staff meets, each member receives an anonymous copy of a submission and discusses whether or not it should be published. This 1993-1994 marks the fifth year of publication after its beginning. Each issue is published every spring and is given to the Assumption Community for their reading enjoyment.

PSYCHOLOGY

The Psychology Club is mainly a club consisting of students who major in psychology but other majors are welcome. The club is designed to help the students learn more about their field and provide fun at the same time.

This past year the club was an incredible asset to many of the students. They held a Thanksgiving dinner, took students to visit homes, and held many lectures. The lectures ranged from interviewing techniques to dreams and were always interesting.

The ski club has two major trips, one is located at the nearby Wachusett Mountain. Since this mountain is close by many students have the opportunity to ski whenever they want. The other trip that they offered this year was a weekend trip to Quebec, Canada. We left on Friday with about 50 people. This weekend was filled with skiing, sightseeing, and clubbing.

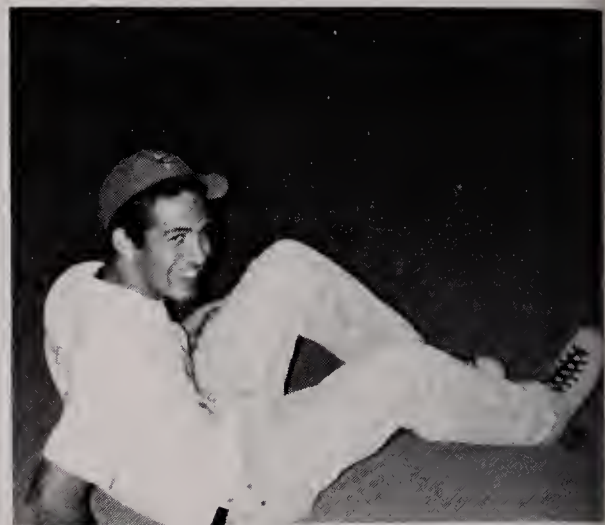

Assumption College's new active club, EARTH, was founded last year due to a great interest in environmental issues. The group has done a great job in getting the Assumption College Community involved in environmental affairs. They have been the major influence in the campus wide recycling project, that has been a major success.

S.G.A.

The Student Government Association represents all full-time undergraduate students at Assumption College. The S.G.A. provides an opportunity for all students to actively contribute to the academic and social climate of the campus.

Assumption College encourages students to participate in the governance of the campus community. One avenue for this participation is through the election of student leaders. The elected representatives of the student body, including the Student Government Association President, Vice Presidents Senate Speaker, Treasurer, Class Presidents, and eight Senators from each of the Classes, comprise the Student Senate.

The Senate meets weekly to discuss and address issues of campus concern. Unless otherwise noted, weekly meetings are open to all students and other members of the Assumption College community. Everyone is encouraged to attend, to voice opinions, or to listen and observe.

The Student Senate is conducted by and Executive Committee comprised of the S.G.A. President, S.G.A. Vice President of Student Affairs, S.G.A. Vice President of Academic Affairs, Senate Speaker, and Treasurer. These individuals serve as the primary Student Government Association liaisons with the faculty, staff, and administration.

ACCOUNTING CLUB

The 1993-1994 was a very active year for the Accounting Club. In the fall we had professionals come and lecture on professional accounting. They informed us what the actual jobs are like and gave us tips on interviewing. This spring we elected officers for next years club and promoted active participation among underclassmen accounting majors.

St. Luke's Society is a pre-health professional club consisting of natural science majors and those interested in the health field. The intent is to expose the members to a wide variety of topics in the health sciences by exploring career opportunities. The major activities for the 1993-1994 were quest lectures that came to the campus.

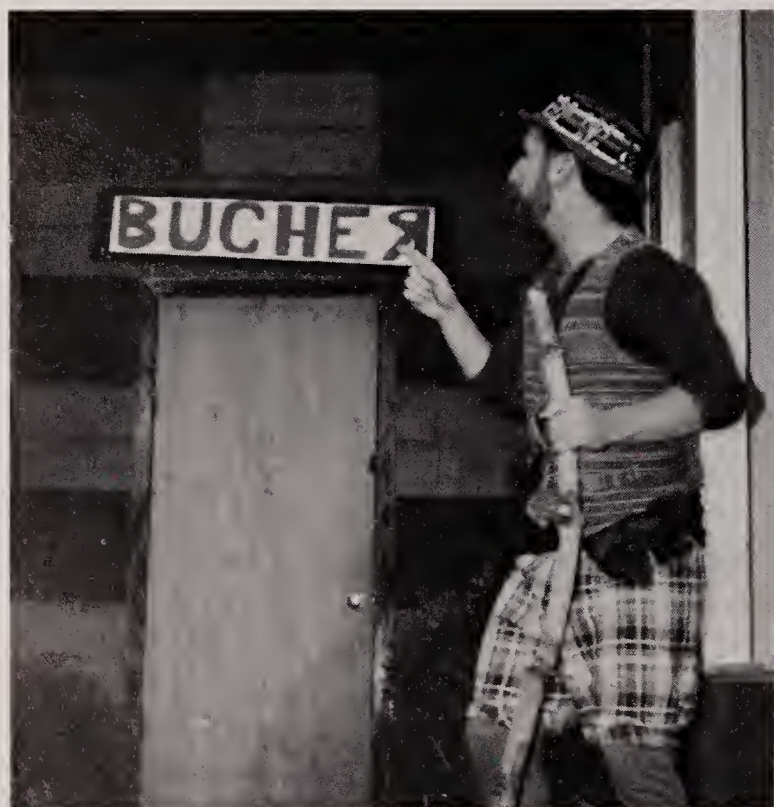

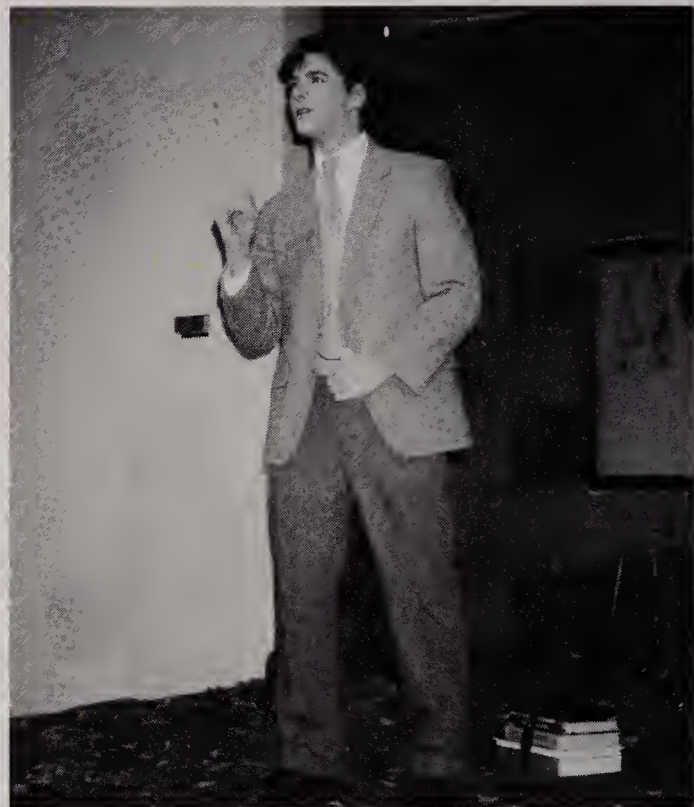

The Assumption College Chorale is made up of undergraduate students from all years and majors, the only required common denominator is the love of music. This year the group performed for parents weekend, The American Historical Society, Regis College, and their own spring concert in the chapel. The group is led by Dr. Grave-line and accompanied by Frank Corbin.

A.C. Upstage is a student run theatrical production company that presented its second and third shows during this past school year. In the fall, the play *Fools*, ran on Friday and Saturday of Parents Weekend. This gave both the parents and the students the opportunity to enjoy the talents of some of Assumption's resident thespians.

In the spring, the farce *Strange Boarders*, was performed to packed houses consisting of students, teachers, families and local members of the community.

This year of wacky and entertaining productions were a credit to the hard work and dedication of their casts and crews and were examples of the quality and talent present within the performing arts of Assumption College.

MEXICO MISSION

This past year's mission consisted of 33 students: 15 went to the country to live with the Assumptionist sisters in San Ildefonso while the other 18 went to the city of San Pedro with the Assumptionist brothers. In San Ildefonso the students worked and played with the Otomi Indians, and their city counterparts worked and played with the people of the Popular Movement.

Anyone who has ever been a part of the Mexico Mission finds it to be an experience they'll cherish forever. Down in Mexico, we learned various kinds of lessons that can not be taught in a

classroom. We learned how to bridge a cultural gap by opening ourselves to a new way of life. We also learned how to break through a language barrier with smiles, giggles, and hugs. And the most important lesson for most is to realize that *real* riches are not material things, rather they are things such as friendship, laughter, love and faith.

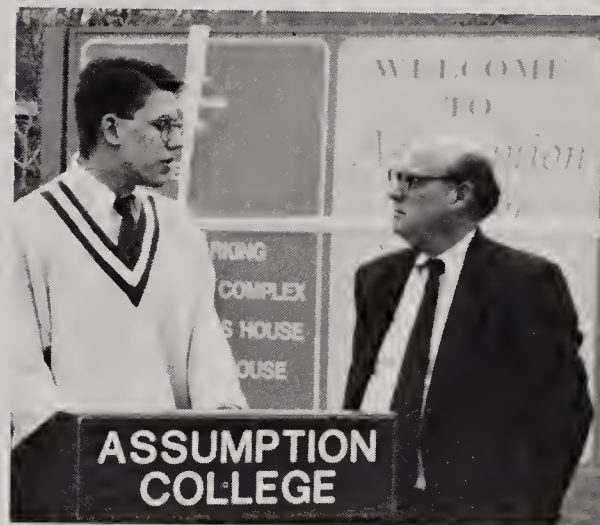

"Our Mission Is People", what an appropriate motto!

accomplish that you'll succeed.

Congratulations, we are very proud of you!!!

Love Always,
Mom and Endré

Rob Bouley

When success finds a man, it is generally because he
was looking for it. You deserve to feel especially
proud and happy today because graduation
represents a real victory for you. You overcame so
many challenges, gave so much of yourself . . . and
always kept faith in your dream. and what a special
time it is for those who share your happiness, whose
thoughts of you are filled with love, pride, and
warmth.

NEVER HAD A DOUBT!!!! Congratulations

All our love
Dad, Mom, & Paul

Way to go Kate Kissane!

All our love,

Dad, Mom, Jim, Amy, Chris, Meg, and Sam

Katey Whittam

YUS, & TFC

To the Phantom
Photographer,
Who would have guessed,
twenty years ago, that
this face would graduate
Magna Cum Laude.
Congratulations Jen! We
knew you could do it,
now the world knows too!

Love,
Dad, Mom, Matt, and
Barb

Thanks Mom, Dad, Matt, Barb, & The Rest Of
The O'Brien & Harrak Families. Without You
This Book Would Never Have Been Possible.

A Special Thank You To All Of Our
Parents And Friends Who Made This
Book Possible.

Special contributors: Thanks to all who contributed copy and pictures especially the officers and members of SGA and CAB

Thank you to all of the section editors for getting their pages in on time and looking great! Rob & Matt, thanks for raising the desperately needed capital. The Photographers - Tom, Penny, Karen - Thanks for always being there at the last minute with the cameras ready. Emiko - thanks for your patience and good work. Robin - it would never have been without you!

Thanks for your dedication, time and patience.

It's a great book and you all should be very proud! Congratulations!

To all the members of the 1994 Heights staff I would like to say a big THANK YOU for all of the time and energy you put into this yearbook. As you look at this yearbook, the final product of all of our labors I hope a smile comes to your face because it is something to be proud of - you did a great job. Thank you.

To Lynn, I hope my help will be useful to you as you take over as layout editor for 1995. You get the cropping triangle AND the good brown cropping pencils. Treasure them! (heh heh!)

To my best friends Jen and Andrea - Thanks for "putting up" with my stress moments (Oh, the deadline's tomorrow?!? No problem.) and for being there for me whenever I needed good friends. I know I will never forget all the good times - but remember there's more to come.

To my mom - I thank you for all of the sacrifices you have made for me over the years. How can I ever repay you? I just hope that I have made you proud.

And finally to the class of 1994 - Thank you for all of the memories.

Sincerely,
Robin Burnell
Layout Editor

To the class of 1994,

As you read this final thought on our last year at Assumption College it is approximately five months since graduation, but as I write it, it has only been a mere three weeks. I can still feel the rocking of the boat and my sneakers are finally dried out from the Red Sox, but what I remember most is all of you and all the fun we have had together. Over the past four years, I have met people who I hope will be friends for the rest of my life and others who I feel privileged to have known if only for a short while. We have really grown up together and been there for each other through the tough classes, painful romances, stressful roommates, and even our first rejection letters. But looking back, all of the bad times are nothing compared to the laughs, the smiles, and the fun that we've shared, especially in our senior year.

Personally I would like to thank some very special people. First my "new" roommates: Jen, Karen, Cathy, and Lynn. You have taught me about teamwork and showed me just how strong and loving true friendship can be. You have also showed me how to be myself and have fun and still get my work done (well most of it anyway). You're all very great and I'm glad I had the chance of getting to know you. Good luck and success in everything you do in the future.

Second, I would like to thank my neighbors: the girls of 6H, and the guys of 6C & 6D. You were always there to say hello and to make me laugh when things were a little rough. Your friendships and the times we spent together will always bring back a smile to my face and a laugh to my heart. I wish you all the luck in the world and I know that you all will succeed in whatever it is you decide to do.

Next, a thank you to my very best friends: Andrea and Robin. There is so much to say that I really don't have room for everything, but I do want to say this; thank you for helping me grow and always being there when I needed some friends. Your friendship is something I treasure very much and I know it will last for a long time into the future.

And finally, to the rest of the senior class, I say a heartfelt thank-you. To those I knew casually through classes, or those I met recently through the lens of the camera during senior week, and even those whom I never got the opportunity to know, thanks. Together you have made my four years here the best of my life. We have learned more than what we have been taught in classes, we've learned about life, love and most importantly, friendship and those lessons will sustain us as we move away from Assumption College and into the world.

I hope this yearbook is an adequate reflection of all the good experiences we've shared throughout this last year. And as it is completed, please consider it a final graduation gift to all of you and I hope that it will give you as much joy and happy memories as all of you have given to me.

So as we close this book on the chapter of our lives called Assumption College 1994, I leave you with this final blessing:

May the road rise to meet you
May the wind be always at your back
May the sun shine warm upon your face,
the rain fall soft upon your fields
And, until we meet again,
May God hold you in the palm of his hand.

Sincerely,
Jen Harrak
Editor-in-Chief
